

About the (re)use of published articles

Authors share the copyright to the article with the publisher and grant the publisher the right of first publication under the conditions of the [Creative Commons Attribution 4.0 International License](https://creativecommons.org/licenses/by/4.0/) (CC-BY license). This license allows others to share and adapt published articles with an acknowledgement of the work's authorship and initial publication in this journal.

Authors and other end users are permitted and encouraged to post the article(s) online (e.g., in institutional repositories, on their website etc.) as it can lead to productive exchanges, as well as earlier and greater citation of published work.
